Re: 2019 CSST Program and CSST Scholarship

Congratulations on your decision to join the CSST 2019 Summer Program. In this program, undergraduate and graduate students from prestigious universities across China, Hong Kong, and Japan will be able to prepare for their PhD careers. Your university nominated you for this highly selective Program because you have demonstrated excellence and exceptional commitment to your chosen field of study.

The 2019 Summer Program is a ten-week summer session beginning on July 8th, 2019 and ending on September 13th, 2019. You will be enrolled as a Full-Time Student at UCLA under the courses MMP 194 (8 units) with Dr. Ren Sun and your respective 199 course (4 units) with a UCLA faculty mentor. Throughout your program, you will attend seminars, workshops, and events designed to broaden your professional perspective and provide you with a deeper understanding of UCLA PhD programs.

You will receive a CSST Scholarship to cover your program fees, including: tuition, registration, research training, and administrative expenses. The scholarship amount of \$5,343 will be applied directly to your program expenses.

If you have any questions, please send them via e-mail to csst@cnsi.ucla.edu. We look forward to having you this summer at UCLA!

Sincerely,
